~Overseas Moving~

Customer M

My husband's company used to choose XX Express for moving, but I always like Yamato more. It's because you pack things so carefully, and your staff has given me good impressions. Your staff is so nice that even my puppy loves you a lot. (Translated)

Staff XX, thank you so much for helping with the removal since morning and I am so glad it went well.

I highly appreciate your helpfulness to arrange my moving day to today, despite the busy schedule of Yamato. It is such a great help. My husband and my mother are very satisfied as well and they are amazed by how good Japanese-style service is. Since your staff helped open quite a lot of cartons in our new place, our unpacking work were much quicker and smoother than our last removal. It's so bad I cannot express my thanks in person.

When I saw Yamato's truck on street last time, I even waved to your staff 🙋 Once again I would like to express my sincere thanks to your help. Please greet your staff for me as well. (Translated)
